

Entering Teams into the FYSA Registration Event

From the 'Club' tab, select 'Teams', then find "Enter teams in an... event".

The screenshot shows the Florida Youth Soccer Association website interface. The 'Club' tab is selected, and the 'Teams' sub-tab is highlighted. The 'Manage Teams' section is visible, with a dropdown menu open showing a list of events. The event '2011-2012 FYSA Registration (8/1/2011)' is selected and highlighted in blue. A red arrow points to the 'Select' button next to the dropdown. A yellow arrow points to the 'Enter Teams in an in-house League, Training Program, or other associated event' section. The text 'Select Event' is overlaid on the right side of the dropdown menu.

Once you have selected the FYSA Registration Event press the select button. Enter teams as you have done in the past, the screen will display teams that are not entered in the event. You may select multiple teams at once by clicking on the box to the left of the teams listed. **All currently registered teams must be entered into the 2011-2012 FYSA Registration Event.** Once the teams have been entered, click on the registrar tab and select the registration event as shown below.

Below is a summary of your leagues and registration events.

You will have to generate the rosters as was done in the past. You may generate the roster all at once or individually. Please make sure that all of the proper players appear on the generated roster. No changes will be accepted after roster freeze.
