Referee's: To obtain referee's for games in your area, each club must first have a written contract with a certified referee assignor. Assignors require two weeks notice to provide referees for local games. Please check with the assignor as to their specific requirements. Failure to follow their procedures may result in their inability to provide referees for your matches, which means no games.

Please provide your teams with the FYSA Code of Ethics. It is imperative that we all follow those guidelines "for the good of the game."
