

TO:

All FYSA Membership

FROM:

FYSA Board of Directors & State Staff

March 18, 2020

Based on the updated information provided by US Youth Soccer (USYS) & the Centers for Disease Control and Prevention (CDC) on the coronavirus (COVID-19), the Florida Youth Soccer Association (FYSA) is mandating that all FYSA sanctioned activities within our association be immediately suspended through April 15, 2020. This includes not only FYSA related programs, but also the following activities: sanctioned leagues and tournament play, practices/training, all tryouts, team travel, and group meetings. FYSA will not be sanctioning any soccer related activities during this period. As a reminder, players participating in unsanctioned activities are not covered by FYSA insurance

Health organizations from around the world are advising that gatherings of 10 or more people are to be discouraged to help prevent the spread of the coronavirus. We continue to monitor the situation and rely on expert advice from our state and national partners for when it is safe to resume all soccer programs. Please continue to take all advisements and instructions from local/national healthy agencies to help prevent the spread of COVID-19

Thank you for your continued patience and we will update you with more details soon.

Sincerely,

The Florida Youth Soccer Association
