

Registering TOPSoccer Players, Buddies and Coaches

Below is guidance for registering TOPSoccer Players, Buddies and Coaches. The Club's TOPSoccer leader should work with the Club's Registrar to ensure that all Players, Buddies and Coaches are registered prior to participating in any TOPSoccer activities.

TOPSoccer Players

All TOPSoccer Players must be registered in GotSoccer and placed on a Team, entered into the Registration Event and Rostered so that they are covered by insurance. This needs to be done every year. All TOPSoccer Players must be coded TOPS to avoid a registration fee.

TOPSoccer Buddies/Coaches

Buddies/Coaches are not to be assigned to the TOPSoccer Team or Roster. Buddies/Coaches who are under the age of 18 and are current rostered Players within your club can participate in your club's TOPSoccer Program without the need to create a Coach account.

A Coach account needs to be created for those Buddies/Coaches that are NOT a Rostered player and/or are 18 and older. Those that are 18 and over must submit a background check, complete the CDC Heads Up Concussion Test and SafeSport. All Buddies/Coaches should be coded TOPS unless they participate as a Recreation or Competitive Coach or Team Manager, then they must be coded as Rec or Comp, NOT TOPSoccer.

For all registration questions contact your Club Registrar or the FYSA Program Specialist – Rosemary Napoleoni at 863-268-8220 X 312 or rnapoleoni@fysa.com
