

## 2023-24 Florida State Premier League Registration Information

Click [HERE](#) to apply

### Competition Overview:

The Florida State Premier League (FSPL) provides elite U13-U19 teams with the opportunity to compete against the most competitive teams across the state of Florida and offers promotion to the [USYS National League Sunshine Conference](#).

### Scheduling Format:

- Matches played per season:
  - 13-17U age groups: 12-18 matches (Fall and Spring)
  - 18-19U age groups: 7-9 matches (Fall only)
- Home & Away Travel Partner System + 2 Neutral Venue Weekends:
  - There will be 2 Neutral Venue weekends (these matches will be against teams from out of your region if the brackets allow). Then, the remainder of your schedule will be home and away matches through the Travel Partner System.
  - The Travel Partner System allows teams to have home and away matches while minimizing travel by giving teams 2 away matches on the same weekend vs 2 teams geographically closer to each other (Travel Partners) when brackets allow.
