About us:

BARÇA Academy is the flagship FC Barcelona soccer school aimed at boys and girls between 6 and 18 years of age and its main objective is to provide a comprehensive training environment for their youth players.

This method of schooling, exported to the rest of the world, attempts to extend the Barça model and promote the Club's working philosophy internationally.

The **BARÇA Academy** works via their own proprietary model, based on the Barça methodology which includes a creative and attacking brand of football and the promotion of positive values such as respect, effort, ambition, teamwork and humility. **Barça Academy Pro Miami** is an exclusive youth soccer academy in Florida owned and operated by the FC Barcelona. The Technical Director and Technical Staff had been hand pick by FC Barcelona to ensure that players are taught under Barça's unique model, the same exact model that is applied in, La Masia. Through this methodology we develop the creative and offensive style of play that brought Messi, Piqué, Busquets, Jordi Alba, Xavi, Iniesta, and many other players to the elite.
