GotSport App

We have partnered with the GotSport Team App: The app will be used for team and club wide communication and scheduling. This ensures guidelines and procedures set by the club are relayed to all parents, athletes, and staff. This is a great opportunity to provide a better user experience for our club and all our members. Please read this document fully to make sure you understand how you and any additional family can access the app.

- **Who has access to the app:**

Any parent that was added to your child's profile when registering through GotSport will have access to the app. If you only registered with one parent's information, you must go back into GotSport and add the additional family members so they can access the app as well. ONLY USERS ATTACHED TO YOUR CHILD'S PROFILE UNDER FAMILY WILL HAVE ACCESS TO THE APP.

- Click HERE to view a help article on how to add additional family members to your child's profile.
- Click HERE to view help video on how to add additional family members to your child's profile.
- Then click HERE to login and complete that task. Once you have completed, please wait 24 hours for the app to sync with the changes/updates to your athlete's account.

Please make sure you use the same email address that you used when registering your child (The e-mail address you are receiving this message on).

- **How to Access the App:**

GotSport iOS (iPhone):
https://apps.apple.com/us/app/gotsport/id1559685064

GotSport Android:
https://play.google.com/store/apps/details?id=com.gotsport.mobile

- **Where do I get support:**
- Helpful Support Links for all users are found here: GotSport Team App Support
- What's in the GotSport Team App:
    - Games in GotSport will automatically appear in the app, and update if there are any field/time/date changes.
    - Create recurring practices and other team events.
    - Track Attendance.
    - Chat tools between parents, athletes, and coaches.
    - Push notifications and more.
